PODCAST

For the second year, the podcast, authored by Building Pictures, is on display at Archi Summit with the presentation of the 5th season.

ARCHI REVI

The students of Portugal's faculties of architecture, engineering, and design have been challenge by Revigrés to create an intervention project in an existing place using an original viewpoint and with an impact that can be seen and felt. The top 20 will be displayed at Archi Summit 2023.
